2. **Sign in**
   At **app.libeducation.com**. All your children linked to you are under this one login.

3. **Change your password**
   Until you do, a red box asks you to. Tap **Change it now**, type the old password (your mobile) and a new one.

WHY CHANGE IT?

Anyone who knows your mobile number could sign in with the first password.

From your teachers

- Tap an item to open or download it, for example to print a worksheet.

Fees, receipts and paying

Pay from your phone; the admin confirms.

- At the start of the month LIB sends one WhatsApp message for the family: each child's subjects, classes and amount, the total, and a line on **how we worked it out** (for example, classes per week this month).
- **Fees due for your children** at the top of the page shows the total for every child.
- **Bulk discount:** all your children's classes are added up. Pay all the fees due together to keep it; if only part is paid, the discount is worked out again on the classes paid for.

Pay by UPI

1. **Select and pay**
   In Fee Requests, tick what you are paying for and tap **Pay ₹...**.

2. **Pay by UPI**
   Copy the UPI ID (or scan the QR code on a computer) and put the **Unique ID** shown in your UPI app's note.

3. **Payment done**
   Tap **Payment Completed**, then share the screenshot with LIB Admin. Once confirmed, it's marked Paid with a receipt.

Or pay online

- Tap **Pay online (Razorpay)** for card, UPI or net banking, and type the student's name on the payment page.

GOOD TO KNOW

- Every paid payment has a printable receipt with the LIB logo.
- Pending requests don’t change the balance.
- You can undo an attempt before it’s confirmed.

PHOTO NEEDED

Your child's photo must be uploaded first: neither the ID card nor the certificate can be made without it.

Knowledge Arena

A supervised way for your child to practise with games and daily challenges.

Games and subjects

Each game follows its own subject: Word Master uses English (or the selected language for a Language programme); Number Quest and Brain Teaser use Mathematics; Science Explorer and Memory Challenge use Science. Quick Quiz follows the selected subject filter; All includes all available subjects.

Grade selection

If your child is asked to choose a school grade, this is a Knowledge Arena question-selection preference. It does not change the student grade recorded in the LIB profile.

- The daily challenge contains ten English Quick Quiz questions for the selected grade when enough suitable published questions are available. Attempts are unlimited.
- Game XP, levels, achievements and the game leaderboard are separate from attendance XP and attendance rewards.
- Game XP is awarded for correct answers, with a perfect-attempt bonus and a daily cap.
- If no published questions are available for a game and grade, try another game or return later. This is not a fee or subscription restriction.

PARENT VIEW

Use your child's Knowledge Arena screen to view their own progress. Parent access does not allow you to answer a challenge on the child's behalf.
